## **Re: Request for assistance in purchasing ride-on mower for maintaining Buz Brazel Park**

Dear Michael

Following on from advice received from Ralph Johnson after his meeting with you on Wednesday 16<sup>th</sup> of January we would like to request Council's assistance in purchasing a new ride-on mower for the maintenance of the playing surface of Buz Brazel Park.

Schools, sporting teams, athletes, community members and many tourists utilise this venue for conditioning and competitions throughout the year being both appreciative and motivated by the professional presentation of this facility. This of course contributes to the amenity, welfare and economy of our small community.

However the present ride-on is now in constant need of repairs having manicured the 7.5 acre fields since 2012. In recent years volunteers have been able to extend the work-life of this ride-on but at significant cost in time and money.

Committee has also commenced succession planning to replace the present long term committee. Members of the present committee will remain supportive during this process and into the future. The ride-on replacement project will facilitate this succession plan.

Committee would appreciate your confirmation of the possibility of obtaining Council assistance with this project and possible inclusion of our request in Council's Budget for the next financial year. The overall cost will be approximately \$12000. Quotes and further details can be provided.

Thank you in anticipation.

Yours sincerely,

Allan Turner Mob: 0429 830 813
