NOTICE OF MOTION

**ITEM 5.5 SF2547 160519 MAYORAL MINUTE - EMERGENCY SERVICES LEVY
 INCREASE**

AUTHOR/ENQUIRIES: Rhonda Hoban, Councillor

SUMMARY:

Each year, the NSW Government collects payments from councils and insurers to fund emergency services agencies in NSW, with councils required to pay 11.7 per cent of the budget required by NSW Emergency Services. These charges are embedded in council rates and insurance premiums.

From 1 July 2019 the NSW Government plans to collect an additional \$160 million (in 2019/20) from NSW councils, communities and those paying insurance premiums to provide better workers' compensation coverage for volunteer and career firefighters who are diagnosed with one of 12 specific work-related cancers.

Councils were sent bills with a letter from Revenue NSW in May 2019, saying NSW council contributions will increase by \$19 million in 2019/20. The letter also foreshadowed increases in the following year, but not the amount.

The Nambucca Shire Council received an invoice from Revenue NSW for \$431,106 for its emergency services levy contribution. This is \$74,000 more than last year's levy (a 20%) increase. This will mean Council will need to find additional funds and/or cut planned initiatives or services.

Council supports career and volunteer firefighters in NSW – as it does all emergency services workers and volunteers. Indeed, many NSW council staff and councillors are volunteers. We also support the Bill passed in November 2018 to address what was a workers' compensation shortfall.

However, the sector was at no point advised that it would be required to cover the cost via significant increases to the emergency services levy, or what this cost would be.

Proportional to Council revenue, the extra \$74,000 Nambucca Shire Council is being asked to pay is a large amount and the impact of this unplanned cost will certainly be felt by the community.

Local Government NSW is calling upon the NSW Government to fund the first 12 months of this extra cost and work with local governments to ensure the implementation of the funding mechanism is fairer into the future.

RECOMMENDATION:

That Council:

A Notes:

- a That last December, the NSW Government enacted laws to provide better workers compensation coverage for firefighters who are diagnosed with one of twelve specific work-related cancers.**
- b That in many areas of NSW, fire services are made up of elected and staff members of local government, and that local governments strongly support this expanded workers compensation scheme.**
- c That as a result of these changes, the State Government has decided to implement the new scheme by charging local governments an increased Emergency Services Levy, without consultation.**

ITEM 5.5 MAYORAL MINUTE - EMERGENCY SERVICES LEVY INCREASE

- d That the expected increase in costs to local governments will be \$19m in the first year alone, and that there is a little or no time to enshrine this charge in Council's 2019/2020 budgets.
 - e That Local Government NSW has long advocated for the Emergency Services Levy to be significantly modified to ensure it is transparent, equitable and accountable.
- B That this Council supports Local Government NSW's call for:**
- a The NSW Government to cover the initial additional \$19m increase to local governments for the first year; and
 - b The NSW Government to work with NSW local governments to redesign the funding mechanism for the scheme to ensure fairness into the future.
- C Requests the General Manager liaise with Local Government NSW to provide information on:**
- a The impact on council budgets; and
 - b Council advocacy actions undertaken.
- D Requests that the Mayor**
- a Write to the NSW Premier and NSW Interim Opposition Leader, NSW Minister for Customer Services, NSW Minister for Local Government, and local state member/s to:
 - i call upon the NSW Government to fund the 12 months of this extra cost rather than requiring councils to find the funds at short notice when budgets have already been allocated
 - ii explain how this sudden increase will impact council services / the local community.
 - iii highlight that councils were not warned of the increased cost until May 2019, despite the new laws being passed in November 2018
 - iv explain that the poor planning and implementation of the increase is inconsistent with the Government's commitment to work in partnership with the sector
 - v ask the Government to work with local governments to redesign the implementation of the scheme to ensure it is fairer for councils and communities into the future.
 - b Copy the above letter to Local Government NSW.

GENERAL MANAGER'S REPORT

ITEM 9.19 PRF53 160519 ARBORIST REPORT - FUTURE OF SIX (6) KAFFIR PLUM TREES - ADDITIONAL SUBMISSIONS

AUTHOR/ENQUIRIES: Michael Coulter, General Manager

SUMMARY:

The submissions within this report were not included in the report to Council.

RECOMMENDATION:

That the information in the submissions be received.

OPTIONS:

The report is for information. The substantive recommendation to Council is contained in item 9.2.

DISCUSSION:

The following written submissions were not included in the report to Council.

Mary Forbes

The key issue with regard to the Kaffir Plum trees along the river in River Street, Macksville, is that people appreciate them and do not want to see them removed. If they are to be replaced, the community would prefer to see new trees planted now so that they have a few years to establish themselves and provide the canopy so valued in the present.

While the Council's tree-planting in other streets is to be commended, to remove these trees, even in a staged removal, replacing them with young, undeveloped trees, would create an arid, hot and inhospitable bare riverbank.

The beauty of these trees and the harmony with an element of Nature they afford is undeniable. In their maturity they have developed gorgeous, glossy canopies, providing deep, cool shade for people, pets and parked cars. Though we live in a climate of hot summers, we have no shady carpark in Macksville and people vie for spots under the shade of these trees. With the march of accelerated climate change due to global warming, a cool retreat will be even more highly valued.

The beauty and amenity of the trees acts as a focal point, drawing locals and visitors to linger in the shade and appreciate our town. The area is accessible and inviting for people with disabilities and families with strollers and children. The trees have some community history and are home to fond memories of many townsfolk.

They lend our town grace and character. They attract travellers to stop, buy their lunch, stroll and sit by the river, thus bringing business to our town. Tourists travel to towns such as Grafton and Sawtell to admire the splendid jacarandas and magnificent figs. Natural beauty is stimulating for the economy.

It has been mentioned that the trees drop fruit and can attract bats and birds that may leave droppings on the picnic tables. These are hardly insurmountable obstacles with which other Councils, who appreciate the advantages of trees, manage to deal. It is a small price to pay for bringing the gift of Nature into our town to soften hard, built environment.

The Arborist's Report considers that the two least healthy trees have five to fifteen years, time enough for new trees to settle and begin to grow, were they planted now. This minimum could be extended by the provision of a good garden bed around the two plums affected by bare, harsh, compacted soil.

*Other people, including the reporting arborist, have recommended species of trees to replace the Kaffir Plums. Some local people have expressed a preference for indigenous species; thus, we would add to these suggestions the Cheesetree (*Glochidion ferninandi*). These could be planted beneath the existing plums, on the northern side, would cope with establishing themselves in the shade, grow dense, glossy canopies and are trees that do not create problems with litter and roots.*

We request Council maintain the existing Kaffir Plums until their natural life expectancy is reached and that replacement trees be planted now to maximise their chances of providing real, beautiful shade in imitation

ITEM 9.19 ARBORIST REPORT - FUTURE OF SIX (6) KAFFIR PLUM TREES - ADDITIONAL SUBMISSIONS

of the glorious canopies and velvety shade we currently enjoy under our beloved Kaffir Plums. We wish to thank Council for listening to community concerns on this issue.

Peter and Marie Thomas

We are concerned about the intention to cull the Macksville riverside trees. There is not enough shade in either Macksville nor Nambucca Heads, and the summers are getting hotter and longer. We need to maintain the canopy and the tree planting should be an ongoing process. We certainly don't want to see the kaffir plums cut down until they are actually failing. The trees are an asset to the community, much as the row of trees are in the centre of Sawtell. Additionally, more large trees in the main street of the Nambucca Heads CBD would be an improvement. Thank you for your attention.

CONSULTATION:

There has been no consultation.

SUSTAINABILITY ASSESSMENT:**Environment**

As indicated in item 9.2.

Social

As indicated in item 9.2

Economic

As indicated in item 9.2

Risk

As indicated in item 9.2

FINANCIAL IMPLICATIONS:**Direct and indirect impact on current and future budgets**

As indicated in item 9.2

Working funds – justification for urgency and cumulative impact

There is no impact on working funds.

Service level changes and resourcing/staff implications

There are no service level implications.

GENERAL MANAGER'S REPORT

ITEM 9.20 SF2329 160519 MINUTES OF THE NAMBUCCA BUSINESS ADVISORY COMMITTEE MEETING HELD ON 14 MAY 2019

AUTHOR/ENQUIRIES: Michael Coulter, General Manager

SUMMARY:

A summary is not required.

RECOMMENDATION:

The following recommendations from the meeting of the Nambucca Business Advisory Committee meeting held on 14 May 2019 be adopted.

1. That Council consider providing \$20,000 in funding in its 2019/2020 or subsequent budgets for the preparation of a detailed design for the River Street foreshore (including footpath area) between the Macksville bridge and Princess Street with a view to the gradual replacement of the Kaffir Plum trees with appropriate species, such that any replacement trees are well advanced before any trees are removed.
2. That upon completion of the detailed design plan for the River Street foreshore that it be placed on public exhibition for an appropriate period.

OPTIONS:

Council has the option as to whether or not to adopt the recommendations.

DISCUSSION:

A meeting of the Business Advisory Committee was held on 14 May 2019.

The principle reason for the meeting was to consider the public submissions in relation to item 9.2 in this business paper – the Arborist Report on Trees on River Street - Future of Six (6) Kaffir Plum Trees.

The minutes of the meeting are as follow

Present:

Cr Janine Reed, Cr Rhonda Hoban OAM (Mayor), Rod Edwards, Chris Sedgwick, Michael Coulter, Martin Mountford, Adele McCollom.

1. *Apologies:*

Mickey Hawkes, Cr John Wilson, Cr Anne Smyth, Mickey Hawkes, David Ainsworth, Mary Lawler, Emma Rowsell

2. *Confirmation of Minutes of the Meeting Held on 17 April 2019*

It was resolved on the motion of Martin Mountford/Chris Sedgwick that the minutes be accepted.

3.1 *Matters Arising from the Meeting Held on 17 April 2019*

The General Manager advised that he had received a telephone call from Alan Rudge who was endeavouring to speak to Ian Moule concerning the placement of an art work over the metal hoarding on the chemist shop corner (Wallace and Cooper Streets). Alan also advised that he was finalising building quotes for the verandah reinstatements. He has received quotes for the Department Store (on budget) and the Emporium (over budget due to asbestos).

ITEM 9.20 MINUTES OF THE NAMBUCCA BUSINESS ADVISORY COMMITTEE MEETING HELD ON 14 MAY 2019

3.2 Arborist Report – Trees in River Street, Macksville – Future of Six (6) Kaffir Plum Trees

There was discussion about the report and recommendation.

It was resolved on the motion of Chris Sedgwick/Martin Mountford that there be a recommendation to Council as follows:

- 1. That Council consider providing \$20,000 in funding in its 2019/2020 or subsequent budgets for the preparation of a detailed design for the River Street foreshore (including footpath area) between the Macksville bridge and Princess Street with a view to the gradual replacement of the Kaffir Plum trees with appropriate species, such that any replacement trees are well advanced before any trees are removed.*
- 2. That upon completion of the detailed design plan for the River Street foreshore that it be placed on public exhibition for an appropriate period.*

3.3 Twilight Dining Sub-Committee

Chris Sedgwick advised that it was proposed to hold the inaugural meeting of the Sub-Committee on 21 May 2019.

It was resolved on the motion of Rod Edwards/Martin Mountford that the information concerning the establishment of the Twilight Dining Sub-Committee be received.

The meeting closed at 7.00pm.
