## Statement of Revenue Policy

Council levies property Ordinary rates in accordance with the provisions of the Local Government Act and Regulations. Each rateable property has a rate levied that comprises two components – an ad valorem rate calculated on the land value but with a minimum amount. For the 2022/2023 rating year valuations provided by the Valuer General, with a base date of 1/7/2019, have been used.

The Independent Pricing and Regulatory Tribunal (IPART) set the rate increase for Councils each year and for 2022/23 it is 0.7%. Council has increased overall rates by this amount. It might be noted that when a revaluation of the total Council area is undertaken by the Valuer General, individual landholders may encounter rises or falls in their rates greater or less than the rate peg increase percentage. This is because land valuations will fluctuate and will not increase by the same proportion for all properties. Any queries or objections in relation to your land value needs to be directed to the [Valuer General](#).

Council is also allowed to recover income lost in the previous financial year due to valuation objections. This is known as “catch-up” and is in addition to the rate peg increase.

The Council, in accordance with the Local Government Act, levies rates on the following rating categories:

<b><i>Rating Category / Sub-Category</i></b>	<b><i>Description</i></b>
<b>Farmland</b>	Land that is predominantly used for farming as defined in section 515 in the Local Government Act 1993.
<b>Residential / Town</b>	Land for which the dominant use is for residential accommodation of a non-commercial nature, as defined by section 516 Local Government Act 1993, and is within the Council's urban areas.
<b>Residential / Village/Estate</b>	Land for which the dominant use is for residential accommodation of a non-commercial nature, as defined by section 516 Local Government Act 1993, and which lies within a village or an estate.
<b>Residential / Non-Urban</b>	Land for which the dominant use is for residential accommodation of a non-commercial nature, as defined by section 516 Local Government Act 1993, and which lies outside the area defined as urban, village or estate.
<b>Business / CBD</b>	Land that cannot be defined as farmland, residential or mining, under section 518 Local Government Act 1993, and is within Council's core business areas.
<b>Business / Industrial Estate</b>	Land that cannot be defined as farmland, residential or mining, under section 518 Local Government Act 1993, and is within Council's industrial estates.
<b>Business / Ordinary</b>	Land that cannot be defined as farmland, residential or mining, under section 518 Local Government Act 1993, and which is not within a core business area or an industrial estate.

The following table provides details of the proposed general and special rates (environmental levy) to be levied in each category/sub-category and the resultant estimated yields for 2022/23:

<b>Code</b>	<b>Description</b>
<b>A</b>	<b>Economic Cost</b> Total cost of providing services for private good. A fixed charge at the estimate cost of providing the service.
<b>B</b>	<b>Community Services</b> Services considered to have a level of benefit to the community. Generally, benefits are not solely confined to users. Partially funded by rates.
<b>C</b>	<b>Regulated Charges</b> Federal or State Government set charges including S7.12 Developer fees.
<b>D</b>	<b>User Pays Principal</b> Services under this category are such that individual costs can be determined and met by the user of the service. The charge may vary according to the services provided.
<b>E</b>	<b>Market Forces</b> Services which Council operates in a competitive market and needs to fix charges similar to other providers.
<b>F</b>	<b>Cost Plus</b> Services provided on a commercial basis with an amount of risk profit included.
<b>G</b>	<b>Developer Contributions – Section 64 / 7.11 / Quarries Plan</b> The Section 7.11 Plan provides for yearly increases in these fees based on Consumer Price Index (CPI) increases.

## Goods and Services Tax (GST)

<b>T</b>	Taxable (including GST)
<b>E</b>	Exempt of GST – non taxable
<b>F</b>	Free of GST – non taxable
<b>T / E / F</b>	GST treatment as the fee or charge to which it relates

Council applies various fees, charges and fines. Many of these fees and charges are determined by legislation and as such are not subject to amendment by Council. The GST status of these fees and charges depends on whether there is consideration for supply. Some fees and charges are exempt from GST in accordance with the Class Rulings issued by the Australian Tax Office. The GST status of each fee or charge is noted in the Column "Goods and Services Tax".

While the fee amount in this document will not alter without a resolution by Council, followed by a subsequent period of public exhibition, the applicability of the GST to the fees and charges may, depending on the interpretations and ruling of the GST legislation.

Where applicable, GST is however a component of Council's cost for providing that service to the community.
